

# GUIDELINES FOR SUBMISSION OF ABSTRACTS AND FULL PAPERS FOR 14 TH INTERNATIONAL SCIENTIFIC CONFERENCE OF SPORT KINETICS 2018

## “Movement in Human Life and Health”

- First announcement -

**(Poreč, Croatia, 24-27 June, 2018)**

The Faculty of Kinesiology, University of Zagreb, Croatia, and the Faculty of Sport and Physical Education, University of Novi Sad, Serbia, announce a first Call for Full papers or Abstracts for the 14th International Scientific Conference of Sport Kinetics 2018, which will be held in Poreč, Croatia, June 24 – 27, 2018., just before 27th Annual Summer School for Kinesiologists.

This conference will be under the patronage of the Croatian Kinesiology Association, which will have 27th Annual Summer School for Kinesiologists, in Poreč, Croatia, from June 27 – 30, 2018.

**The aim** of this Conference is to provide the latest scientific and professional insights, findings and experiences which are connected with Movement in Human Life and Health.

**Conference theme** covers a large variety of topics: training science, physiology, psychology, medicine, biomechanics, pedagogy, history, sociology, physiotherapy, and others. These topics should be connected with main topic of the Conference "Movement in Human Life and Health".

**Official language** of the Conference: English

### **Types of papers accepted:**

- full papers
- abstracts

### **Types of presentations:**

- oral presentation for full papers and abstracts
- poster presentations – submitted in abstract forms. Posters, preferably measuring 100 x 70 cm, will be on display during the Conference. They should be structured in the same manner as abstracts, and must be easily legible from a distance or at least 2 meters. All issues concerning posters (printing, displaying etc.) are responsibilities of authors.

The final acceptance decision is the exclusive right of the Conference Scientific Committee.

### **Important dates and datelines:**

|  |                                 |
|--|---------------------------------|
| Conference fee payment                               | Before and after April 1, 2018. |
| Deadline for submission of full papers and abstracts | April 15, 2018.                 |
| Notification on acceptance                           | May 1, 2018.                    |
| Conference   | 24 - 27 June, 2018              |

### **Publishing of Conference Proceedings Book**

All Conference papers, full papers and abstracts, will be published in Book of Proceedings & Abstracts available at the Conference

Conference Proceedings Book will also be available online in open access.

Top three full text papers can be evaluated and selected for review process for publishing in scientific journal "Kinesiology", indexed in Web of Science Core Collection.

Only full text papers (not abstracts) submitted can be evaluated to be recommended for publication in journal *Kinesiology*. The final decision on acceptance for publishing in journal *Kinesiology* is on Editor / Editorial Board of *Kinesiology*. If accepted for publication in journal *Kinesiology*, the paper must be prepared in compliance with journal's guidelines.

Papers accepted for publication in journal *Kinesiology* will be published in Book of Proceedings & Abstracts only in abstract form.

Reviewers and members of Scientific Committee will evaluate papers to be recommended for publication in journal *Kinesiology*.

Editors, reviewers and members of Scientific Committee are international.

The Conference Book will be applied to be indexed in international databases, like EBSCO SportDiscus.

### **Acceptance criteria for abstracts and full papers**

- Novelty, originality of work. Specific results achieved and described. Potential impact and interest to the attendees.
- The abstract / full paper must not have been published as an abstract or as a full paper in any other publication or submitted for publication at the time of submission.
- All authors must approve the submitted abstract / full paper. All authors must state any potential conflict of interest.
- By submitting abstract or full paper to the Conference, all authors state that ethics is given the highest priority so all activities in conducting research must comply with ethical principles and relevant national, EU and international legislation. Human studies must comply with either the ACSM Policy Statement Regarding the Use of Human Subjects and Informed Consent (1998), or the Declaration of Helsinki: Ethical Principles for Medical Research Involving Human Subjects, as revised in 2013. All authors must avoid any form of research misconduct (fabrication, falsification, plagiarism).
- By submitting abstract or full paper to the Conference, all authors are expected to obtain the necessary written permission to include material owned and held in copyright by a third party. When content is held in the public domains i.e. is not copyrighted, proper attribution is still required.
- By submitting abstract or paper to the Conference, all authors agree that their paper will be published in both **print** and **electronic version** and that electronic version will be available on websites of organizers, publishers etc. in full text in open access. By submitting abstract or paper to the Conference, all authors agree to transfer copyright to publisher.
- Only papers / abstracts received according to Guidelines will be considered for review and publication.

### **Guidelines for abstracts and full papers**

The participants who want to publish paper/abstract in the conference Proceedings Book should make the submission under the link below:

<http://IASKconference2018.kif.hr> by April 15, 2018.

Secretary of Scientific Committee, Associate Prof., dr habil. Jan M. Konarski will be in charge of the communication with authors.

## **Preparing the Abstract**

Abstract should have no more than 2,300 characters in Times New Roman, 10 point font (not including spaces, title, or author block). If including table, chart, or graph, your text character count will be limited to accommodate your graphic, usually to 1,700 characters depending on the size of the object. Do not use brand names in the abstract. Indicate grant funding information at the bottom of the abstract in the Statement of Disclosure. At the bottom of the abstract, please indicate Acknowledgment (if necessary) and Conflict of Interest. It contains:

**Title:** The title should be brief, short and clear (limit to 15 words). Abbreviations are discouraged.

**Authors:** Name and surname (in that order) will be included in the author block. Do not include degrees.

**Institutions:** Institutions of all authors must be included. Do not include departments.

**Corresponding author:** name and surname, e-mail, and mobile/phone number

**Author(s) attending the conference:** name and surname

**Author(s) giving presentation:** name and surname

**Type of presentation:** oral or poster (state one)

### **ABSTRACT:**

The abstract must be informative, including a statement of the study's specific **PURPOSE, METHODS**, summary of **RESULTS**, and **CONCLUSION** statement using these headings. It is unsatisfactory to state, "The results will be discussed." Abstracts of experimental studies must include data to substantiate the conclusions being drawn. It is not satisfactory to simply describe what was found verbally in general terms. The lack of inclusion of experimental data may result in the abstract being rejected.

**Key words:** Three to six key words, not used in the title.

### **Acknowledgment**

### **Conflict of interest**

### **Statement of Disclosure**

## **Preparing the Full paper**

Full paper must not be more than 6 pages, A4 size, portrait orientation (including title, authorship, affiliations, abstract, key words, body of the text, tables and figures). Margins are set at 3 cm. Text body character size is 12, Times New Roman, spaced 1.5, justified.

The first page should contain these elements: title, authors, affiliations, corresponding author, author(s) attending the conference, abstracts, key words. It should be followed by: body of the paper, Acknowledgement, Conflict of Interest, Statement of disclosure.

The body of the text should contain chapters: INTRODUCTION, METHODS, RESULTS, DISCUSSION, CONCLUSION.

### **Tables and figures:**

In tables and figures use Times New Roman, size 10.

Place tables and figures in the text.

No coloured illustrations, the proceedings book will be printed in black and white.

Tables should be numbered in the order in which they occur in the text and referred to as “Table 1”, for example. Each table should be accompanied by a short title. The pictures and drawings that are not originals should contain the name of the book or journal reference.

#### **Reference style:**

Please, use APA reference system (Publication Manual of the American Psychological Association, 6th ed.). For more information on referencing, please see <http://www.apastyle.org/index.aspx> or guidelines and examples below.

#### **Reference citations in text**

The study should be documented throughout the text by citing by author(s) and date (within parentheses) of the works used in the research, i.e. “... The recent comparison (Hughes, 2001) showed...”, or “... Hughes (2001) compared...”.

When there are two authors, always cite both names every time the reference occurs in the text. In the text, the surnames should be joined by “and” (Vuleta, Milanović and Jukić (2004) reported...), whereas within parentheses the sign “&” should be used. The same is valid for three and more authors (up to six). Three, four, or five authors should be cited the first time the reference appears in the text; in subsequent referencing, cite only the family name of the first author followed by “et al.” – 1st time (Vuleta, Milanović, & Jukić, 2004); 2nd time: (Vuleta, et al., 2004). Six and more authors should always be cited like: the surname of the first author followed by “, et al.”. Be sure when shortening two or more references of the same primary author, to keep enough information to distinguish these citations (by citing of as many of the subsequent authors as necessary).

#### **Reference list**

Alphabetical order of references in the list should be followed. References should be complete and contain all the authors (up to and six) that have been listed in the title of the original publication. Titles of references written in languages other than English should be additionally translated into the English language and enclosed within square brackets. Full titles of journals are required (not their abbreviations). The author of the article is responsible for the accuracy of data and of references. The style of referencing should follow the examples below:

##### **Books**

Arnold, P.J. (1979). *Meaning in movement and sport and physical education*. London: Heinemann.

Bartoluci, M. (2003). *Ekonomika i menedžment sporta* (2nd ed.). [Economics and management of sport. In Croatian.] Zagreb: Informator, Kineziološki fakultet Sveučilišta u Zagrebu.

Author(s) giving presentation: name and surname

Type of presentation: oral or poster (state one)

**ABSTRACT:**

**PURPOSE:** This study presents an example of the quantitative contribution of modern sport biomechanics to the training of a competitive wrestling technique. **METHODS:** Two experienced wrestlers who had been training for 10 y participated as subjects. The recordings were made in 5 different successful trials of the execution of the arm throw. **RESULTS:** showed that typical repetitive joint angle waveforms exist in specific joints of the body - the torso, the pelvis and the lower limbs. However, the respective waveforms for the upper limbs showed a very large variability (CMCs<.085). **CONCLUSIONS:** It was found, that biomechanical analysis may be a very useful tool for quantifying information. This information can assist the coach in making the adjustments needed to improve the athlete's technique and performance.

**Key words:**

Text of full paper contains these chapters:

**INTRODUCTION, METHODS, RESULTS, DISCUSSION, CONCLUSIONS, REFERENCES.**

**Acknowledgment:** (if necessary)

**Conflict of interest:** Authors state no conflict of interest.

**Statement of Disclosure:** The research was funded by National Science Foundation, Croatia.
